

CODES OF CONDUCT FOR PLAYERS OF ALL AGES

Players should play within the rules of the game at all time.

- Most matches you will play will not have an umpire or linespersons. Line calling and other decisions should be done fairly and honestly. If you feel on more than one occasion that your opponent is cheating, inform a club official or the tournament referee.
- Players should treat equipment, officials, opposition, team-mates and others involved with respect. Abuse of Rackets or tennis balls is unacceptable.
- Players should always do their best and accept victory or defeat in a sporting manner.
- Behaviour on court should be of a high standard at all times.
- Scoreboards should be kept up-to-date by all players and, if there are no scoreboards, the score should be called regularly.
- Always remember that sport should be enjoyable for you and for everyone else who is taking part!
